

Senator Kelly, I believe that you had a motion on something proceeding that?

SENATOR KELLY: Mr. President, I would ask for unanimous consent to bracket 677 for next Tuesday the 12th.

PRESIDENT: Senator Kelly is asking for unanimous consent to bracket 677 until next Tuesday, March 12th. Are there objections to bracketing the bill until that particular time? Any objections? Any objections to bracketing 677 until March 12? Hearing none, so ordered. The bill is bracketed till the 12th. 711 proved to be controversial, then at least temporarily. Senator Stull.

SENATOR STULL: Mr. President, members of the legislature, I have an amendment up there that I think if it were adopted then this bill would not longer be controversial as far as the rest of the Senators, or ~~most~~ of the Senators.

PRESIDENT: Someone has already ordered to have it laid over Senator Stull. I'm sorry. My instructions were that if it proved to be. I would have liked to have worked it out too. I'm interested in productivity. Quality productivity. Do you want to move to 643?

CLERK: Mr. President there is a request to bracket 643 on General File indefinitely. Signed, Senator Simpson.

PRESIDENT: Any objections to bracketing 643? You object to bracketing 643 Senator Savage. OK, the Chair would allow that.

SENATOR SAVAGE: Why do you want to bracket it Senator Simpson?

You will still get your input into this.

SENATOR SAVAGE: That is fine, I have an amendment on the bill which I wanted to....

PRESIDENT: Once again, any objections to bracketing the bill? 643? On General File. Hearing none, 643 is bracketed. We will look at 713. Senator Snyder, do you want to test the water on 713?

SENATOR SNYDER: Lets hold that another day.

PRESIDENT: Controversial?

SENATOR SNYDER: I don't think so, but I have another amendment here.

PRESIDENT: OK, pass over 713. Senator Barnett, did your amendments come in? Alright, Senator Kelly, do you want to look at 880? Test the water.

SENATOR KELLY: Mr. President, members of the body, 880 is a bill that brings up to date, and as I understand it not a recodification just changing the amounts of money that are
